

Parent Testimonials

“My child’s teacher has been fabulous as her first teacher. She nurtures the children, yet also ensures all the children receive her attention equally. She’s an asset to the school and I recommend her class to everyone I know entering preschool age.”

“I continue to be impressed by my child’s teacher and her dedication to the children. She consistently seeks learning opportunities and truly keeps the focus on learning through play. I’ve watched my child bloom this year as his teacher identified his strengths and capitalized on them. Thank you for giving us such an impressive person who I consistently recommend to friends.”

Mrs. Kim Strassberger

I’ve been so happy with EEDS and every teacher my child has had. We will miss everyone here and recommend the school to people we know.”

Gina Hagan

“My child has grown leaps and bounds socially this year, thanks to her teacher, all the teachers and the director supporting her. Thanks for all you have done for my child and help prepare her for her life ahead. It shows through my child that her teacher loves the children and is excited about and loves her job.”
